expected string or buffer

# **WRITEBCC**

## **NAME**

WriteBCC -- Enter one or more names, addresses or aliases into the "Hidden copies to" field of the Write window. (V2.0)

## **TEMPLATE**

ADDRESS/A/M,ADD/S

## **FUNCTION**

Enters one or more names, addresses or aliases into the "Hidden copies to" field of the Write window. YAM will resolve names and aliases looking in the address book.

## **INPUTS**

ADDRESS/A/M - list of names/addresses/aliases

ADD/S - prevent the new data from replacing the old data already present in the "Hidden copies to" field

## **RETURNS**

RC is set to 10 if no Write window was previously specified as "active" with MAILWRITE ?.

## **NOTES**

## **EXAMPLE**

```
/* Adds some BCC recipients to a message */
```

```
MAILWRITE WINDOW 0 /* Set the active Write window */  
'WRITEBCC "George Bush" "j_doe" "carol@?" ADD'
```
