expected string or buffer

# **WRITETO**

## **NAME**

WriteTo -- Enter one or more names, addresses or aliases into the "To" field of the Write window.  
(V2.0)

## **TEMPLATE**

ADDRESS/A/M,ADD/S

## **FUNCTION**

Enters one or more names, addresses or aliases into the "To" field of the Write window. YAM will resolve names and aliases looking in the address book.

## **INPUTS**

ADDRESS/A/M - list of names/addresses/aliases

ADD/S - prevent the new data from replacing the old data already present in the "To" field

## **RETURNS**

RC is set to 10 if no Write window was previously specified as "active" with MAILWRITE ?.

## **NOTES**

## **EXAMPLE**

/\* Set the primary recipients of a message \*/

MAILWRITE WINDOW 0 /\* Set the active Write window \*/

'WRITETO "George Bush" "jdoe" "carol@?'"

## **BUGS**

## **SEE ALSO**
