About MUI

```

                This application uses

                MUI - MagicUserInterface

                (c) Copyright 1993-2007 by Stefan Stuntz

MUI is a system to generate and maintain graphical user interfaces. With
the aid of a preferences program, the user of an application has the
ability to customize the installation according to personal taste.

MUI is distributed as shareware. To obtain a complete package containing
lots of examples and more information about registration please look for a
file called '''MUIXXusr.lha''' (XX shows the latest version number) on your
local bulletin boards or on public domain disks.

                If you want to register directly, feel free to send

                DM 30.- or US$ 20.-

                to

                Stefan Stuntz
                Eduard-Spranger-Straße 7
                80935 München
                GERMANY

                Support and online registration is available at

                http://www.sasg.com/
